Cost Estimate for Directional Drilling One (1) and One (1) Branch Abandon Mine Verification (AMV)

Approximate Length of the Borehole - Hole #1 (~1005' drilling length) with ~2355 ft Branch including plugging ~1000 ft of hole

TARGET DRILLING DOES NOT GUARANTEE THAT THE DESIRED BOREHOLE HORIZONTAL DEPTHS WILL BE ACHIEVED

This proposal is strictly an estimate of units and costs. Target Drilling does not guarantee these costs to complete the well.

Target Drilling Inc.

Cost Estimate for Directional Drilling One (1) and One (1) Branch Abandon Mine Verification (AMV)
March 30, 2013

Target Drilling to provide:

- 1) Permissible electric powered drill rig.
- 2) Permissible survey tool, downhole motor, drill bits and reamers.
- 3) Wellhead control materials & supplies.
- 4) Two-man experienced crew to perform the work safely & efficiently. Work to be performed one to three 8-hour shifts per day
- 5) Borehole plots (in DWG file) and P.E.-Certified Drawings as a permanent record of the borehole.
- 6) General Liability, WC, & Auto Liability Insurance.
- 7) Daily cost updates and weekly invoices to Kentucky Fuel Corporation.
- 8) Will perform 20 minute gas checks at the drill site with Mine-supplied spotters.

Mine to provide:

- 1) Any firebossing, pre-shift, and on-shift examinations that may be necessary.
- 2) Clean water source at 70 gpm to the drill rig.
- 3) Surveying Target's initial setup to establish magnetic declination.
- 4) Loading & unloading Target's equipment at the drill site.
- 5) Transportation of drilling equipment into & out of the mine.
- 6) Provide any required site specific safety training.
- 7) Security for Target's equipment while on Company property.
- 8) Clean water to drill at 70 gpm or suitable sump and pump for recirculating water.
- 9) SCSR's if necessary.

Terms and Conditions

- 1) Payment terms: Payment due before Target Drilling provides surveyed borehole data to ve results. In any case, payment is due within 15 days from weekly progress invoice.
- 2) Target Drilling will progress Invoice weekly
- 3) Prices quoted here are valid for SIXTY (60) days from the date of the estimate.

- 4) Target Drilling reserves the right to terminate any borehole if the ground is unstable.
- 5) Any drill rods, bits, motors, survey tool, or subs lost in the hole, for any reason beyond Target's control will be billed at replacement cost unless lost in hole insurance elected.
If lost in hole insurance elected, client agrees to pay the larger \$25,000 deductible.
- 6) Quantities in the proposal are estimates only and based upon the best available information at the time of bid preparation
- 7) Invoices are based upon actual quantities consumed or performed.
- 8) Target Drilling invoices for all actual footage drilled.
Sidetrack Footage is billed at the Footage Rate. Sidetracks are defined as the portion of the borehole that is abandoned when the bit is pulled after exiting the coal and encountering rock, such as the typical roof & floor intercepts.
- Laterals are billed at the Footage Rate. Laterals are defined as the portion of the borehole that has to be re-drilled if the borehole must be re-directed laterally, for reasons such as intercepting an abandoned mine, loss of circulation, geological anomalies or adverse hole conditions.**
- 9) Target Drilling cannot guarantee the depth of any borehole. Geological factors such as faults, partings, intrusions, and lack of mechanical strength can all affect the ability to drill to the desired depth.
- 10) Kentucky Fuel Corporation agrees to fully indemnify and hold harmless Target Drilling from any claims resulting or arising from this work
- 11) [REDACTED]
- 12) This Agreement shall be governed by, construed, and interpreted in accordance with the applicable laws of the State of Pennsylvania. Executive jurisdiction over any case or controversy arising under this agreement shall be vested in any appropriate state and/or federal district court located in Pittsburgh, Pennsylvania.
